

Inclusive solutions for a green transition

Call for Papers

Sixth Green Growth Knowledge Platform (GGKP) Annual Conference

**Hosted in conjunction with the
2018 OECD Green Growth & Sustainable Development Forum
“Inclusive solutions for the green transition: Competitiveness, jobs
and social dimensions”**

27-29 November 2018
OECD Headquarters, Paris, France

The Founding Partners of the Green Growth Knowledge Platform (OECD, World Bank, UN Environment and the Global Green Growth Institute) are pleased to announce the Call for Papers for the Sixth GGKP Annual Conference to be hosted at the OECD headquarters in November 2018. It will be held in conjunction with the 2018 Green Growth and Sustainable Development (GGSD) Forum on the theme of “Inclusive Solutions for the Green Transition: Competitiveness, jobs and social dimensions”.

The conference will address the political economy of the green transition, by identifying distributional impacts and exploring inclusive solutions for workers, businesses, households and regions that may otherwise be hit hard in order to help them contribute to a greener future. The conference sessions will be developed around competitiveness, employment and distributional impacts of green policies. The role of SMEs in this context will also be explored.

Alongside the GGKP conference sessions, the GGSD Forum will consist of panel discussions among academics, policy makers and business, labour and civil society representatives.

We are pleased to announce the following keynote speakers:

Professor Lord Nicholas Stern, London School of Economics
Professor Olivier Deschenes, University of California, Santa Barbara
Professor Carolyn Fischer, Free University, Amsterdam
Professor Cameron Hepburn, University of Oxford
Dr Ian Parry, International Monetary Fund

Papers are specially invited on the themes of:

- A. Competitiveness impacts of environmental policies
- B. Distributional consequences of environmental policies
- C. Green industrial policy
- D. Employment implications including development of green skills
- E. Sectoral/structural transition management (including labour re-allocation, re-skilling/vocational training)

Inclusive solutions for a green transition

- F. Impacts of the transition to a circular economy
- G. First-mover advantage from green policies
- H. Behavioural insights in relation to environmental and structural adjustment policies
- I. Role of SMEs in the green and “inclusive” transition.

The Scientific Committee of the GGKP Conference invites submission of scientific papers for presentation at the conference. Extended abstracts will be considered but preference will be given to completed papers. Electronic copies (PDF) should be sent to GGSD@oecd.org no later than **Monday 30th July, 2018**. **Please include Abstract, Keywords and applicable theme(s) from the list above (A-I) with your submission.**

Acceptance of papers will be notified by email by **Monday 10th September 2018**.

Conference Registration will open shortly

Registration details and all other conference information will be provided on the conference website <http://www.oecd.org/greengrowth/ggsd-2018/>.

Any questions regarding registration should be sent to Deborah.HolmesMichel@oecd.org

Any questions related to substance should be addressed to Antoine.Dechezlepretre@oecd.org

Presenters will be responsible for making and financing their own travel arrangements and accommodation in Paris.
