

**Batumi Initiative on Green Economy (BIG-E)**  
**Actions by Portugal**

**Country: Portugal, Mobility and Transport Institute**

**Title:**

**Electric mobility**

*Focus area 4,5 and 8: Shift consumer behaviours towards more sustainable consumption patterns; Develop clean physical capital for sustainable production patterns; Improve access to services, healthy living and well-being*

**Description of action:** Promotion of electric mobility by improving the existing charging infrastructure network and increasing the number of charging station, adopting new legislation addressing the market of electricity distribution for transport use, giving different kinds of incentives to electric vehicles acquisition and use by transport operators and by individuals, promoting the renewal of transport fleets of Public Administration with electric vehicles and completing the regulatory framework for electric mobility.

**Action's timeframe/milestones, as appropriate:** Achieving more than 2.000 public charging stations by 2020; replace 1200 vehicles of the public administration fleet with electric vehicles, by 2020.

**Type of action:** Legal/Regulatory/Policy/Economic/Fiscal

**Economic sectors:** Transport Sector, Energy Sector and Public Administration Sector

**Reference instruments and sources, as appropriate:** PNAEE 2016 (National Action Plan for Energy Efficiency), Eco\_mob Program (RCM 54/2015, 28th July) and National Reforms Program (PNR), 30th April 2016

**Expected co-benefits and impact of the outcome:** Decarbonising transport, reduction of fossil fuels consumption, air quality and well-being improvement, development of innovation and economic growth.

**SDGs target(s) that the action may contribute to implement:** 11 (Sustainable cities and communities), 13 (Climate action), 9 (Industry, Innovation and growth) and 3 (Good health and well-being)

**Implementation of Environmental Performance Review (EPR) Recommendations, as appropriate:** NA

**Objectively verifiable indicators, as appropriate:** Number of charging stations, number of electric vehicles, reduction of fossil fuels consumption, number of jobs created.

**Partners:** Energy sector decision makers, Public administration entities.

**Contact point:**

MOBIE – National manager for the public electric vehicle charging network
